Dear Student-Athlete,

Welcome to the Lighthouse Christian College athletic family. The enclosed forms are required before you can participate in any team activity. The information provided will be kept confidential, but is required by Lighthouse Christian College and follows NAIA recommendations.

Lighthouse Christian College requires that athletes maintain a primary medical insurance policy for the entire school year which includes coverage for intercollegiate athletics. This policy may be obtained through a parent or purchased individually. If you must purchase your own policy, make sure you purchase it early enough you can receive your insurance cards prior to arriving at LCC. The effective date for your insurance should be at least one day before the start of fall camp or one day before the start of classes if your team does not report before classes begin. Before coming to college, check with your insurance company to confirm they provide coverage in Florida for both emergency and non-emergency care. If you have Medicaid or a HMO insurance policy and need to designate a new primary physician, the closest medical clinic is in Milton, FL

- If you have Medicaid or an HMO as your primary health insurance, please be aware coverage may vary depending on which state you receive care in. Some insurance companies do not provide coverage for non-emergency care if it is received outside of your home state or insurance network. If your insurance company does not provide coverage in Florida, you will be required to pay the deductible out-of-pocket or return home for medical care in order to receive the benefits of the College's excess medical policy. Please contact your insurance carrier to verify coverage in the State of Florida. If your insurance does not provide full coverage in Florida, it is recommended you obtain coverage which does cover you in Florida. Insurance coverage must be maintained for the full school year to be cleared to participate. Any change or loss of coverage must be immediately reported to the athletic training or coaching staff.

Thank you for completing the paperwork and returning it by July 15th to the Athletic Department. Please do not send this paperwork to any other department at Lighthouse Christian College. This information is only for athletic training purposes and will not be used by any other department. Feel free to contact the Athletic Department with any information or questions you may have regarding these forms or insurance.

Sincerely,

Wayne Albury
Athletic Director

Athletic Medical Expense Payment Procedures

Athletes incurring medical expenses as a result of participation in a Lighthouse Christian College athletics program should follow the procedure below in regards to the handling of their medical bills. The excess medical benefits insurance policy Lighthouse Christian College maintains has a $2,000 deductible which must be met by your insurance company or your family before any benefits will be paid; this deductible is subject to change without notice.

1. Make sure all medical bills are submitted to your primary insurance first. Your insurance company may ask for more information regarding the patient, enrollment in college, injury, treatment, hospitalization, etc. If this is the case, it is your responsibility to forward this information to your insurance company. If we can assist in obtaining this information, we will be glad to do so.

2. If a balance remains after your primary insurance has contributed towards the claim; send the explanation of benefits from the insurance company and a copy of the bills incurred to:
   Wayne Albury - wayne.albury@lighthousecollege.us

3. If your insurance company does not provide coverage for medical care in Florida you will either need to return home for medical care or you will be responsible for the deductible, currently $2000, before you will be able to receive care. Some medical providers may require this money to be paid before care will be provided.

4. **All medical care, including doctor's appointments, surgery, and physical therapy, must be pre-authorized by a member of the athletic training staff. Charges for unauthorized appointments will not be eligible for secondary insurance payment.**

I acknowledge I have read and understand the requirements of the college's secondary accident insurance plan. This includes the requirement that all medical care must be preauthorized.

Lighthouse Christian College - Department of Athletics
Assumption of Risk and Medical Waiver Form

I am aware that playing, practicing, training, and/or other involvement in any sport can be a dangerous activity involving **MANY RISKS OF INJURY**, including, but not limited to the potential for catastrophic injury. I understand that the dangers and risks of playing, practicing, or training in any athletic activity include, but are not limited to, death, serious neck and spinal injuries which may result in complete or partial paralysis or brain damage, concussions, serious injury to virtually all bones, joints, ligaments, muscles, tendons, and other aspects of the musculoskeletal system, and serious injury or impairment to other aspects of my body, general health and well-being.

Additionally, I acknowledge that COVID-19 is a public health risk, and the Lighthouse Christian College, LCC Athletics and all its trustees, officers, administrators, agents, employees and volunteers cannot guarantee safety or immunity from infection, and that I am electing to participate in intercollegiate athletics.

Because of the aforementioned dangers of participating in any athletic activity:

- I recognize the importance of following all instructions of the coaching staff, strength and conditioning staff, and/or Athletic Training staff. Furthermore, I understand that the possibility of injury, including catastrophic injury, does exist even though proper rules and techniques are followed to the fullest. I also understand that there are risks involved with traveling in connection with intercollegiate athletics.

- I grant the athletic trainers, team physicians, therapists, technicians, and consultants of LCC to render me any emergency care, or other medical or surgical care that might be deemed necessary to insure proper care of any injury/illness, and to maintain my health and well-being. In the absence of the team or authorized physician, I grant permission to a qualified physician to furnish emergency care using the guidelines above. Also when necessary for executing such care, permission for hospitalization at an accredited hospital is granted.

- I further understand that it is my responsibility to notify the LCC sports medicine staff in writing of any and all injuries/illnesses or physical condition, athletic or otherwise, suspected injury/illnesses or physical condition, and any and all pre-existing conditions that may result in further injury/illness to myself, teammates, opponents, or athletic/sports medicine staff.

- I understand that I must refrain from practice or play during medical treatment until I am discharged from treatment or given a written permit by the attending physician to resume participation; that having passed a physical examination does not necessarily mean that I am physically qualified to engage in athletics; but only that the examiner did not find a medical reason to disqualify me; and fully realize that LCC cannot be held responsible for any previous medical condition(s) that I may have.

In consideration of LCC permitting me to participate in intercollegiate athletics and to engage in all activities and travel related to my sport, I hereby voluntarily assume all risks associated with participation and agree to hold harmless, indemnify, and irrevocably and unconditionally release Lighthouse Christian College and their officers, agents, and employees from any and all liability, any medical expenses not covered by the LCC Department of Intercollegiate Athletics' secondary medical insurance coverage, and any and all claims, causes of action or demands of any kind and nature whatsoever which may arise by or in connection with my participation in any activities related to intercollegiate athletics.

The terms hereof shall serve as release and assumption of risk for my heirs, estate, executor, administrator, assignees, and all members of my family.

I fully understand that this authorization shall be effective and valid for one year (52 weeks) after the termination of my playing and/or academic career at Lighthouse Christian College.

Athlete Concussion Statement

_____ Initials — I understand it is my responsibility to report all injuries and illnesses to my athletic trainer; including concussions.

_____ Initials — I was provided a copy of the NCAA Concussion Fact Sheet and am aware of the following information:

_____ Initials — A concussion is a brain injury, which I am responsible for reporting to my athletic trainer.

_____ Initials — A concussion can affect my ability to perform everyday activities, and affect reaction time, balance, sleep and classroom performance.

_____ Initials — You cannot see a concussion, but you might notice some of the symptoms right away. Other symptoms can show up hours or days after the injury.

_____ Initials — If I suspect a teammate has a concussion, I am responsible for reporting the injury to my athletic trainer.

_____ Initials — I will not return to play in a game or practice if I have received a blow to the head that results in concussion-related symptoms.

_____ Initials — Following a concussion, the brain needs time to heal. You are much more likely to have a repeat concussion if you return to play before your symptoms have resolved.

_____ Initials — In rare cases, concussions can cause permanent brain damage and even death.

_____ Initials — Helmets, face shields, mouth guards and other protective equipment does not eliminate the risk of a concussion.

_____ Initials — Purposeful head and neck contact is not permitted and increases my risk for suffering a head injury.

_____ Initials — Participation in any sport carries the risk of suffering a concussion

Consent for Treatment

I authorize Lighthouse Christian College to provide medical and/or mental care to:

Name:_____ Date of Birth:_____

In case of mental health concern, illness, or injury, permission is hereby granted to treat the above named student as deemed necessary by the staff of Lighthouse Christian College. Services may include but are not limited to routine and emergency medical services (including examinations; laboratory, radiologic and other testing vaccinations; minor surgical procedures; prescription and other treatments), and mental health services. I understand that, in the case of a minor child, should said minor child need more invasive diagnostic or surgical procedures, attempts will be made to contact me before such care is initiated. I further understand that, according to Florida state law, that once an individual reaches the age of 19, parental consent for treatment is no longer required. Parent or guardian consent is not legally required for minors who seek medical diagnosis and treatment for sexually transmitted diseases.
To the best of my knowledge, the above information is accurate. I understand the information I provided will be used to assist medical personnel in case of emergency.
